PROFESSIONAL SUMMARY

Passionate Full Stack Developer with experience in web applications, Discord bots, FiveM systems, backend services, automation tools, databases, and community platforms. Skilled in JavaScript, React, Node.js, Python, Lua, MongoDB, MySQL, and Data Entry operations. Built and maintained production websites, gaming systems, and online communities with thousands of members.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React, Tailwind CSS, Vite

Backend: Node.js, Express.js, REST APIs

Languages: JavaScript, Python, Lua, Java, C++

Databases: MongoDB, MySQL

Other: Discord.js, Data Entry, Microsoft Excel, Automation, Problem Solving, Git, GitHub

EXPERIENCE

Founder & Lead Developer — B4 Store / B4 Development Studio (2021–Present)

- Developed custom web applications and software solutions.
- Built Discord automation systems serving 4,300+ community members.
- Created FiveM systems, dashboards, APIs, and backend services.
- Managed deployments, maintenance, and technical support.

PROJECTS

- Scoreboard FiveM — NP-inspired scoreboard using Lua, JavaScript, HTML, and CSS.
- Discord Bot System — Ban/unban management with database integration.
- Vehicle Control System — Modern UI for vehicle management.
- B4 Store Platform — Marketplace for FiveM products and services.

WEBSITES SHIPPED

- Pro Studiio — <https://prostudiio.com>
- Nexluce — <https://nexluce.art>
- B4 Store — <https://b4store.net>

Key Results:

- Successfully launched and maintained 3 live production websites.
- Applied responsive design and performance optimization.
- Managed deployments, updates, and maintenance.

CERTIFICATIONS

- [Meta — Django Web Framework \(2026\)](#)
- [Amazon — Database Management with Java and SQL \(2026\)](#)
- [IBM — Introduction to Software Engineering \(2026\)](#)
- [IBM — Introduction to Artificial Intelligence \(AI\) \(2025\)](#)
- [University of Michigan — Data Structures in C \(2025\)](#)
- [Universidad de Palermo — Object-Oriented Programming with Java \(2025\)](#)
- [University of Western Australia — Gender Equality \(2025\)](#)
- [UC Irvine — Computer Hardware and Software \(2025\)](#)
- [UC Davis — Critical Thinking Skills for the Professional \(2025\)](#)
- [Microsoft — Work Smarter with Microsoft Excel \(With Honors\)](#)
- [Federica Web Learning — English Intermediate B1.2](#)

ACHIEVEMENTS

- Built and maintained 3+ live websites.
- Managed communities exceeding 4,300+ members.
- Delivered multiple production-ready FiveM systems.
- Completed 11 international certifications.

EDUCATION

King Salman International University (KSIU)
Bachelor of Computer Science & Engineering
Expected Graduation: 2028

LANGUAGES

Arabic (Native)

English (B1.2 Intermediate – Certified)
